Biriș Goran Obtains Court Ruling Forcing ANAF to pay Default Interest on Delayed VAT Return

Bucharest, 23 October 2012

The law firm of Biriș Goran (www.birisgoran.ro) obtained by way of an irrevocable court decision rendered by the High Court of Cassation and Justice, the compelling of the National Agency for Fiscal Administration, General Directorate for the Administration of Bix Taxpayers (ANAF) to pay default interest, following the late settlement by the tax authority of certain Forms 300 (VAT Return).

Biriș Goran was represented by Gabriel Biriș – Partner and Mihai Nușcă – Senior Associate with the litigation practice.

Mihai Nușcă stated: “The decision rendered by the court of law represents the success of 5 years of efforts made by Biriș Goran. The procedure itself is complex, with ‘risks’ at each procedural step. In the Romanian legal practice, to the best of our knowledge, such judgement would be the second one of this kind, but in terms of the amount that ANAF was compelled to pay, the court decision rendered in favor of our client stands out in relief”.
