PRESS RELEASE

Dana Dunel-Stancu Rejoins Biriș Goran to Head its Energy and Natural Resources practice

Bucharest, 19 November 2018. Biriș Goran is delighted to announce that Dana Dunel-Stancu has returned to the team, after two years of heading the legal department at Hidroelectrica S.A., leader in Romanian power generation.

A noted expert in the Romanian market for her energy and oil & gas expertise, Dana has been practicing exclusively in this field since 2002 and has a thorough and proven command of the regulatory and practical commercial opportunities and constraints in the field.

In addition, her academic studies in law and political science provide her with the tools to address the legal issues both from the business perspective and from the perspective of public or regulatory authorities.

Gabriel Biriș, Biriș Goran Founding Partner said: *"We are delighted to welcome Dana back in the team. Together, we will offer complete and integrated solutions to the concrete problems of our clients, whether they're active in the energy and natural resources sector, or they develop projects that need specialized legal advice on regulatory aspects such as energy or environment protection, as well as on energy efficiency areas."* *"It is ideal to work with some of the best lawyers in Romania and at the same time to be a part of a team that is guided by the same moral and professional values as I am,"* Dana Dunel - Stancu added. *"Our lawyers and tax consultants will provide our clients with the integrated expertise they need to safely complete the projects they develop and to solve current business problems. These two years of hard work with Hidroelectrica offered me a detailed insight on a large energy firm's needs from a specialist outside counsel and I am confident that Biriș Goran will be able to better address and meet the requirements of its clients."*
