Press release
Biris Goran Welcomes New Hires

Bucharest, 31 October 2013, Biris Goran is delighted to announce the addition of new hires to the Firm in order to meet increased client demand.

Mioara Grecu joined the team in September 2013 as an associate in the litigation department. She previously chaired the litigation department of a well-known Romanian firm. She is versed in all segments of commercial litigation before all courts: from debt recovery to labor matters to contractual disputes to corporate matters. In addition, she has developed a particular specialty in white collar crime, having successfully represented multinational clients in the prosecution of rogue employees charged with various financial crimes.

Monica Moisin and **Radu Jianu** both joined the firm in October 2013 as junior associates/stagiaires. Both graduating from the University of Bucharest in 2013 with top marks, they successfully entered the Bucharest Bar as stagiaries. Monica, who is also completing a master's degree in international arbitration, has been assigned to support the activities of various departments, including corporate, litigation and real estate. Radu, who previously was a summer intern with the Firm, has been assigned to support the corporate and taxation departments.

Head of litigation department **Mihai Nușcă** notes: *"We're delighted to have Mioara aboard. Her commercial litigation skills will prove invaluable to the wave of litigation files we have received in recent months. In addition, her white collar crime practice dovetails nicely with our aim to increase our speciality here, given the increased demand by our clients for anti-corruption compliance."*

Co-managing partner **Victor Constantinescu** adds: *"Mioara is a big asset. Monica and Radu are smart kids and hard workers – we're eager not only for them to help service our increasing demand, but also watch them grow as successful lawyers as well."*
